# HELLO!

My name is (name), and I am a resident of Winston Salem. I am calling today in support of Forsyth County Police Accountability and Reallocation Coalition's demands for the City. We should be pursuing a policy of prevention instead of reaction, and reallocating funds from the WSPD to emergency mental health intervention, programs like SOAR and YouthBuild, and increased police accountability is a critical step toward an equitable Winston. The police do not need \$78 million. The people do. When the time comes, I ask that you please vote "Yes" on reallocation. Thank you.

MAYOR JOINES SAYS A  
"VAST MAJORITY" OF  
WINSTON'S 250,000  
RESIDENTS WANT MORE  
POLICE.

IN 2020, HE WAS  
ELECTED BY 87,000  
VOTES.

It's time for a reality check!

# HELLO MR. MAYOR,

My name is (name) and I am a resident of Winston-Salem. I am one of your citizens that knows more police do not make us safer. I am calling in support of the Forsyth County Police Accountability and Reallocation Coalition's demands. It is time to use prevention instead of reaction and create a more equitable Winston. When the time comes, I ask you to vote "Yes" on reallocation.

FCPARC thanks you for your support!
